

## THESE MET DEATH ON FREIGHT TRAIN

### ACCIDENT ON MISSOURI PACIFIC RAILWAY.

**The Track Undermined by High Water East of Jefferson City—Lives Lost by the Cyclone in St. Louis Saturday—Heavy Snowfall in the Northwestern States.**

Jefferson City, Mo., Jan. 4.—The most disastrous wreck that has occurred in Missouri for years happened early Sunday morning near New Haven, a small station fifty-eight miles east of this city, on the Missouri Pacific railway. Owing to a continuous rain here for the last thirty-six hours, the small streams have all overflowed, and the Missouri is rapidly rising. The Missouri Pacific track is built on the bank of the river most of the way from here to St. Louis. At the point where the wreck occurred the small streams from the bluffs had washed out the road, and when freight No. 128, east-bound, due in St. Louis at about 5 o'clock a. m., was passing this place, the track gave way, the engine sinking in the river and eighteen cars following. The killed are:

J. G. EVANS, engineer.  
FRED HANEKAP, fireman.  
JAMES M'GUIRE, head brakeman.  
A number of other trainmen are reported seriously injured. Two carloads of mules went down in the wreck, besides a large amount of freight. The members of the legislature from the east side of the state may be hindered in reaching here in time for the caucus.

### DEATH IN LOUISIANA CYCLONE.

**Saturday's Storm Was Terrible in Its Destructiveness.**

Shreveport, La., Jan. 4.—The relief train of the Kansas City, Shreveport & Gulf arrived Sunday morning from Morrisport, the scene of Saturday's severe storm. It brought the following wounded, who were conveyed to the hospital: Mrs. Susan Head, body bruised, gash in abdomen and skull fractured; Mrs. R. G. Morgan, three scalp wounds and bruised body; child of Mrs. Morgan, skull broken; Emma L. Morgan, skull fractured; Alice Goodman, skull fractured and broken arm; Parmelee Goodman, bruised body; Claude Goodman, arm fractured; Mrs. Jessie Goodman, scalp wound and bruised body; Jordan Robertson, colored, shoulder and arm broken. Two of the four Goodman children killed were found 100 yards from their home with their clothes stripped from their bodies, which were bruised and mangled. Of the number at the hospital, Mrs. Morgan's child and Mrs. Head have little chance of recovery.

The path of the storm was narrow and short, but terrific in destructiveness. The body of a man who was blown from the bridge has been recovered, but is not identified. A man whose name is not given is missing. It is believed he was killed, but the body has not been found.

### SNOW IN THE NORTHWEST.

Minnesota, North and South Dakota, and Upper Wisconsin Visited.

St. Paul, Minn., Jan. 4.—Reports from Minnesota and North and South Dakota points indicate that the greater part of the winter is raging. All heavy trains are running, but they are from one to four hours late. A high north wind is blowing in northern Minnesota, and it has been snowing steadily for twenty hours. The snow is so damp and heavy that it is difficult to remove it from the railway tracks. Dispatches from Scotland, Mitchell, Gettysburg and other South Dakota points say that the snow is drifting so rapidly that trains are being abandoned.

Omaha, Neb., Jan. 4.—Reports of the snow-storm indicate that it extends all over the state. The snow can do no damage to cattle interests in Nebraska or South Dakota. Grain men see in the splendid blanket a fine covering for small grain, which, in Nebraska, is well advanced and has a good stand. This cold snaps will enable Nebraska farmers to gather the rest of their corn, which they have been forced to leave in the fields because of deep mud.

Kansas City, Mo., Jan. 4.—The first blizzard of the season prevails in western Missouri, throughout Kansas and in the territories, the trains at many points in Kansas being delayed by snow drifts. A heavy wind has blown steadily for the last twenty-four hours, drifting the snow badly, and causing trouble to railroads and danger to stock. In the Indian territory heavy rains have swollen the small streams, and railway companies are taking extra precautions against washouts.

### Damage in Logging Sections.

Menominee, Mich., Jan. 4.—It has rained here continuously and in torrents for the last forty-eight hours. Logging operations have been suspended, and the loss to mill companies and jobbers is very heavy. Reports from the scene of the big ice gorges at Fischer and other points along the Menominee river say there is much danger of a flood. The ice has completely blocked the stream at several places, and the backwater is overflowing the banks. Should a break occur the twin cities, Menominee and Marinette, would suffer great damage.

Heavy Rains in Illinois.  
Virginia, Ill., Jan. 4.—Rain has been

falling incessantly here since 9 o'clock p. m. Friday. Small streams have left their banks, overflowing adjacent lowlands. The Sangamon river is rising rapidly, endangering thousands of bushels of corn on the bottoms. Freezing weather at this time would cause great damage to the growing wheat. Excessive rainfall is reported from nearly all sections of the state.

### TO FORFEIT RAILWAY LANDS.

**Sensational Report of State Auditor Dunn of Minnesota.**

St. Paul, Minn., Jan. 4.—The biennial report of State Auditor Robert C. Dunn to the Minnesota legislature contains some startling figures and recommendations, drawn from a rigid interpretation of the law and a careful examination of the records of his office, which includes the land department.

The general land department business shows that the grants of land to railroad companies by congress and by the state within the limits of the state of Minnesota, to aid in the construction of 3,200 miles of line, have amounted to over 20,000,000 acres. The total area of the state is about 46,000,000 acres. A reasonable valuation of these railroad lands is \$100,000,000, or about \$32,200 per mile.

The auditor recommends that the legislature direct that action be begun in the courts looking to the recovery of lands already conveyed to the Duluth & Iron Range railroad, amounting to 200,000 acres, and that the remaining portion, 403,000 acres, be declared forfeited. These lands, conservatively valued, are worth \$3,000,000, being located exclusively in St. Louis, Lake and Cook counties, which comprise the mineral and timber portions of the state. He then calls attention to the constitutional provision that all state lands must be sold at public auction. As the timber has been considered part of the realty, it has been similarly disposed of, and the state auditor now raises the question whether mineral is not also a part of the realty, and should therefore be disposed of in like manner.

### LABOR FIGHT IN WALES.

**Lord Penrhyn Locks Out 5,000 Men and Refuses to Arbitrate.**

London, Jan. 4.—Not deterred by the victory of trade-unionism over the London & Northwestern railway, Lord Penrhyn shut down his slate quarries rather than, as he says, "establish a precedent for outside interference with my private affairs." He first dismissed seventy-one men because they formed a committee to secure better conditions of labor, whereupon 2,700 men left work. The board of trade under the voluntary conciliation act offered friendly mediation, but Lord Penrhyn declined angrily and closed the quarry, throwing 5,000 men out of work in the depth of winter. The progress of public opinion on labor questions is shown by the fact that Lord Penrhyn is almost without support in the press.

### SUICIDE OF A BANKER.

**W. A. Hammond Kills Himself at Evanston, Ill.**

Chicago, Jan. 4.—William A. Hammond, second vice-president of the National Bank of Illinois, ended his life in the Evanston waters of Lake Michigan at daybreak Saturday. Six hours later the waves threw his body upon the shore.

Hammond had been charged with wrecking the National Bank of Illinois, of which he was the active manager, by his heavy financing of the Calumet Electric railway, and other schemes, with bank funds. The shame and wrong of his position since the failure of the bank are believed to have unbalanced his mind and driven him to suicide.

### Gold and Silver Ore in Iowa.

Clearfield, Iowa, Jan. 4.—A. Russell, a farmer living three miles southeast of Clearfield, while digging a well on his farm, went through a stratum of black rock, sand and gravel about twenty-five feet from the surface, and on examination of the rock and gravel he was convinced that it contained gold and silver. He sent five ounces of the ore to Denver, Colo., where it was assayed and reported to contain \$3.65 in gold and silver.

### Favor Postal Banks.

Chicago, Jan. 4.—Organized labor is in favor of the establishment by the national government of a system of postal savings banks. At the meeting of the Chicago Federation of Labor, the central body which represents many of the leading labor organizations of the city, a resolution was adopted Sunday afternoon, which, while short, contained the position of the workers on that question, and which was adopted without a dissenting voice.

### Judge Gordon for Speaker.

Lansing, Mich., Jan. 4.—Few members of the legislature have arrived for the session, which will begin Wednesday. The only candidate for speaker who is present is Judge Gordon, who is confident of election, and it is generally conceded that he will be successful. Competition for all other legislative offices will be intense.

### Closed by the Bank Examiner.

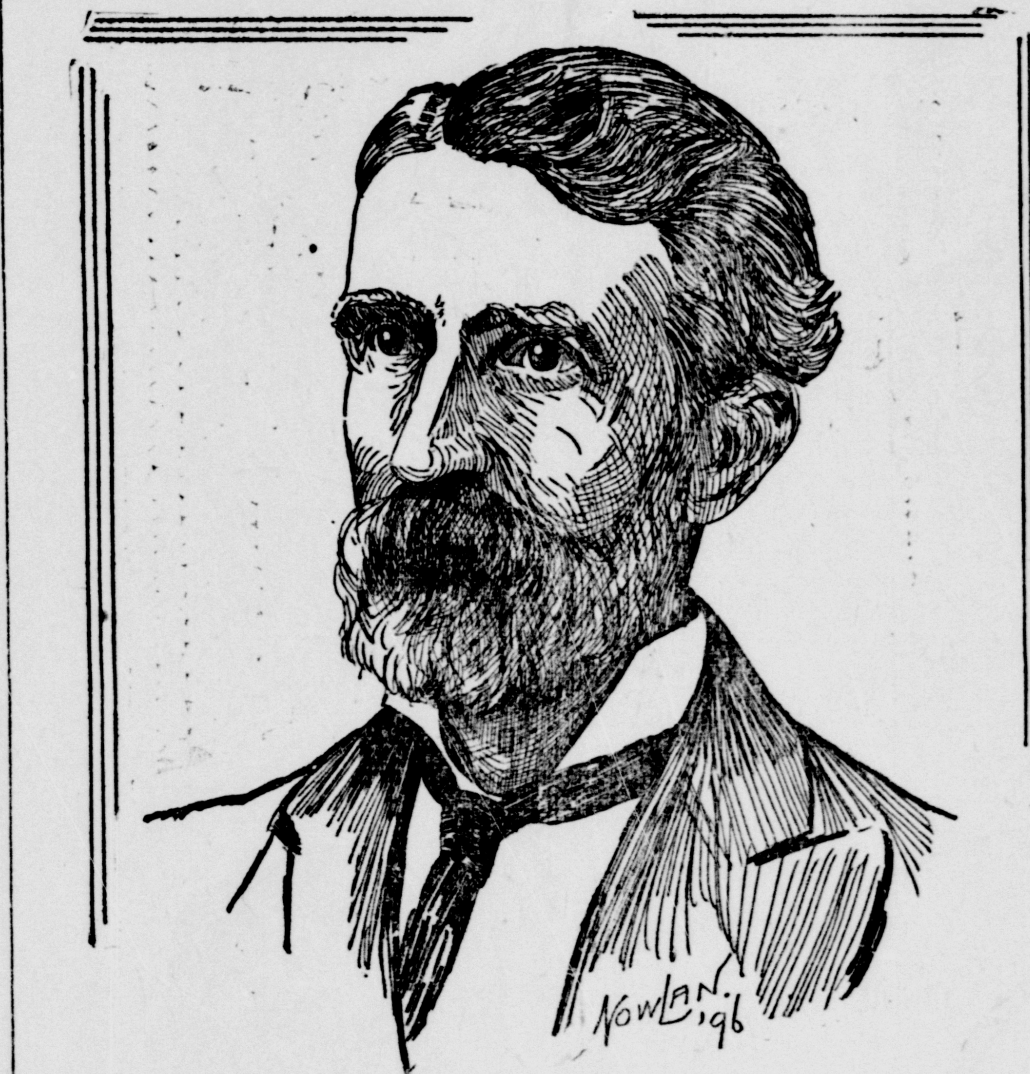

Whitehall, Mich., Jan. 4.—Bank Examiner Angell has taken possession of and closed the Whitehall State Savings bank. The bank has made no statement. The last report showed deposits of about \$80,000; loans and discounts, \$92,000; bonds and mortgages, \$4,500, and about \$2,000 on hand.

## WORK OF CONGRESS IS ALL LAID OUT

### IMPORTANT BILLS TO COME BEFORE THE HOUSE.

**Fate of the Pacific Railroads to Be Decided This Week—No Definite Program Has Been Arranged in the Senate—May Talk of Cuba.**

Washington, Jan. 4.—The house will get down to serious business as soon as it reassembles Tuesday. Probably the two most important pieces of general legislation to be acted upon at the short session have been made special orders, and will consume the entire week. They are the Loud bill, to amend the laws relating to second-class mail matter so as to prevent the shipment of books and serial publications in connection with newspapers at the cent-per-pound rate and to cut off the newspaper sample-copy privilege, and the bill prepared by the Pacific railroad committee to fund the debts of the Pacific railroads and ex-

tend their payment for fifty years, at 2 per cent. The fate of this measure will determine whether the government will foreclose its mortgages on the Union and Central Pacific. Both these roads have defaulted, and President Cleveland served notice in so many words in his message to congress that, unless some congressional action was taken immediately, steps would be taken under the authority of the present law to protect the government's interests by foreclosure proceedings.

Beyond the fact that the bill providing for free homesteads on former Indian reservations on the calendar is the "unfinished business," the senate has no program for this week. If either the Pacific bill or the Cuban resolution secures consideration there will be a sharp contest and much animated debate. The homestead bill will be opposed by Senator Platt and others, while Senator Pettigrew will take the lead in its advocacy.

### PLOT TO ROB THE POOR.

**Conspiracy to Wreck Building and Loan Associations.**

Chicago, Jan. 4.—There seems to be in this city an organized effort to destroy building associations, to get receiverships for building associations, and, having got them, to have the assets of the association sold, purchased by the directors and a fortune made by people who grow fat upon the savings of the poor.

This sweeping charge was spoken Saturday by Judge Payne from the bench of the Superior court. It placed in terse and tangible form what has been long a matter of gossip in real estate and legal circles, namely, that there is in Chicago a great conspiracy to wreck building and loan associations and reap a profit on the forced sale of their assets.

### Steel Company Cuts Wages.

Chicago, Jan. 4.—The Illinois Steel Company reports a falling off in business for 1896 and has undertaken to repair its losses by ordering, through President Gates, a sweeping reduction of the pay of the employees from the chief executive officer down to the humblest work boy. The cut, it is said, varies from 10 to 50 per cent, those not included being the members of the Amalgamated Association of Iron and Steel Workers, which organization has a contract with the company which expires in the spring.

### Big Fire at Nashville, Tenn.

Nashville, Tenn., Jan. 4.—A destructive fire which started in Lebeck's dry-goods store Saturday night, spread to ten buildings, which were entirely or partly consumed. On the public square the south end of the city market house, containing city offices, caught from sparks and was consumed. A rough estimate of losses is \$400,000. The entire block bounded by the square, College and Union and Market streets, was involved.

## THE OATH IS TAKEN BY GOV. SCOFIELD

### INAUGURAL CEREMONIES ARE VERY SIMPLE.

**Chief Justice Cassoday of the Supreme Court Administers the Oath—The Inaugural Ball is to Be Held at the Big University Gymnasium This Evening.**

Madison, Jan. 4.—[Special]—Major Edward Scofield is now the governor of Wisconsin.

The inauguration ceremonies were as simple as possible.

The governor and his party reached Madison at 11:30 o'clock this morning. Escorted by the governor's guards and the First regiment band and under the direction of Col. William Helm and Maj. W. Joachim as marshals, the party were taken to the state capitol building. The governor-elect went to the executive chamber while the other state officers went to their several departments and immediately afterward

were escorted to the assembly chambers as follows:

Gov.-elect Edward Scofield, escorted by Gov. W. H. Upham and Mayor A. A. Dye; Lieut.-Gov. Emil Bensch, escorted by Senator C. B. Walton; Secretary of State Henry Casson, escorted by Major F. W. Oakley; State Treasurer Seward A. Peterson, escorted by John A. Johnson; Atty.-Gen. W. H. Mylres, escorted by Burr W. Jones; Insurance Commissioner W. A. Fricke, escorted by P. L. Spooner; State Supt. J. Q. Emery, escorted by S. B. Todd; Railroad Commissioner D. J. McKenzie, escorted by John J. Suhr.

The exercises in the assembly chamber were presided over by Mayor A. A. Dye, and the oath of office was administered by Chief Justice J. B. Cassoday of the supreme court, at noon. Following the inaugural ceremonies the state officers held short and informal receptions in their several departments. These receptions continued during the afternoon.

The reception at the university gymnasium this evening will be open to the public, and will begin at 8 o'clock to continue an hour. Following the reception will come the inaugural ball, the grand march beginning at 9:30 o'clock and being led by Mr. and Mrs. O. D. Brandenburg, of Madison. The first dance will be a quadrille, the gubernatorial set probably being formed by Governor and Mrs. Scofield, ex-Governor and Mrs. W. H. Upham, ex-Governor and Mrs. W. D. Hoard and ex-Governor and Mrs. George W. Peck.

The large gymnasium has been tastefully decorated with flowers, palms and flags. An arch of incandescent lights will span the ball room. Music for the reception and dance will be furnished by Lueder's First Regiment orchestra of twenty-one pieces, assisted by musicians from Bach's orchestra of Milwaukee. O. D. Brandenburg is chairman of the floor committee, and W. A. Jackson of Janesville is one of his assistants.

### Japan Itching for More War.

Madrid, Jan. 4.—United States Minister Taylor had a long conference with the Duke of Tetuan, minister of foreign affairs, Saturday. The reports from Manila state also that the revelations brought about during the trial of insurgent prisoners have caused a great sensation. One insurgent said that he knew Japan intended to send a squadron to the Philippines, and to recognize the insurgents as belligerents, provided all the provinces joined in the rebellion.

### Inaugural Ball Abolished.

Lincoln, Neb., Jan. 4.—There will be no inaugural ball at the state house this year. The inauguration will take place in the house of representatives on Thursday, after organization of the legislature. There will be an informal reception that evening in representatives' hall at the capitol.

## HAD A SPANISH SPY ABOARD The Cubans Say a Traitor Scuttled the Commodore at Sea.

Cincinnati, O., Jan. 4.—A special to the Commercial-Tribune from Jacksonville, Fla., says that seventeen men are accounted for out of the twenty-eight on the Cuban filibuster Commodore, with a slight chance that seven more yet live. Five men came ashore at Daytona Sunday noon, Capt. Murphy, Stephen Crane, the novelist; the cook and two sailors. One of the latter, William Higgins of Rhode Island, died soon after reaching land from the effects of the high surf. His family lives in Boston. One of the survivors gives the following details:

"The tug sank at 7 o'clock Saturday morning, twenty miles off New Smyrna. A traitor in Spanish pay was the cause of the leak. He will be found and dealt with later. The leak was discovered at about 3 a. m. Finding that the water gained on us, the captain called all hands and the vessel was turned shoreward. As she still continued to sink, two boat-loads of Cubans, twelve men in all, were first sent off.

"One boat, containing six men, was capsized, and I am afraid the men were lost. One of the lifeboats containing nine men was swamped and a hastily constructed raft was made up from materials thrown to them, and they then disappeared from our sight. Capt. Murphy, Stephen Crane, the newspaper man, Higgins, myself and one other sailor took to the ten-foot dingy at the last moment. We tried to save the men in the water around us, but the heavy seas and binding wind swept them from us. For twenty-four hours we battled with the heavy sea, constantly bailing, and at last land was sighted. As we attempted to land, the wind drove us into the breakers, and in an instant the boat was overturned and we were struggling for life. For an hour we battled for life and then managed to crawl out on the sands, almost dead.

"Aid was asked from Daytona, as the Three Friends was the only vessel in port that could stand the seas. The Washington officials were wired, asking permission to send the tug out, even with revenue officers on board. This was at 4 p. m. Saturday. Nothing was heard from the department as to aid in saving the lives of American citizens up to late Sunday afternoon. This was brought about by a strong message from Barrs, begging the department in the name of humanity to allow a vessel to leave. This brought the required permission, and at 6:30 o'clock at night the Three Friends steamed out on her errand of mercy."

### Weyler Again in Havana.

Havana, Jan. 4.—Capt.-Gen. Weyler is back in Havana. He left camp at Bayate at 6 o'clock Sunday morning, arriving with an escort of cavalry at Artemisa at 12 o'clock, and at Mariel at 3 o'clock. He immediately left there on the cruiser Legazpi arriving in Havana at 8 o'clock in the evening. The military and civil authorities and a delegation awaited his coming and accompanied the captain-general from the wharf of Caballeria to the palace in Havana.

### Have No Fear of Filibusters.

Washington, Jan. 4.—The Spanish authorities feel little apprehension from reported filibustering expeditions, owing to the thoroughness with which the Cuban coast is being patrolled by the Spanish forces. It is pointed out that the success of the expeditions largely depends upon the ability to deliver the goods to the insurgents, and that the mere landing of an expedition counts for little.

### Maj. McKinley Visits Hanna.

Cleveland, O., Jan. 4.—President-elect McKinley passed a very quiet Sunday at the home of Mr. Hanna. It is the intention of Mr. McKinley to devote the coming week to the outlining of his inaugural address, and for that reason, it is announced, that he desires to be left undisturbed by callers as much as possible. If the quiet which he desires cannot be secured here, the president-elect will return to Canton before the end of the week.

### Fargo Bank Suspends.

Fargo, N. D., Jan. 4.—Bank Examiner Anner is in possession of the Citizens' National bank. The last statement, Dec. 17, showed bills discounted and payable, \$55,000, while the capital was only \$100,000. Some business interests closely allied with the bank will suffer, but it is not thought the effect will be serious.

### Passenger Train Is Missing.

Wichita Falls, Tex., Jan. 4.—The south-bound passenger train, due here Saturday noon, has not yet reached this point, owing to a heavy snowstorm in the Panhandle. Wires are down north of Clarendon and no intelligence can be had from the lost train.

### France May Buy Ironclads.

Paris, Jan. 4.—There is much talk of the impossibility of the French dockyards executing quickly enough the new naval program, and the question whether ironclads shall be purchased in England has excited a patriotic discussion.

### Austria Must Keep in Line.

London, Jan. 4.—A Vienna dispatch to the Times reports that there is no doubt that Austria-Hungary will have to follow France and Germany and spend from eighty to one hundred millions for quick-firing guns for the artillery.

## PARDON IS GRANTED TO ROSE ZOLDOSKI

### GOVERNOR UPHAM'S LAST OFFICIAL ACT.

**Signed the Order For Her Release Before He Turned the Office Over to Governor Scofield—The Case One Which Had Caused Widespread Interest.**

Madison, Jan. 4.—[Special]—Rose Zoldoski will soon walk from state's prison, a free woman. She has been pardoned. Governor Upham's last official act was the signing of the order for her release.

It had been thought that the governor would go out of office without taking action in the Zoldoski case, but such was not his intention.

The case has attracted more attention than any other murder case ever tried in Wisconsin, and much pressure has been brought to bear both in favor of, and against her pardon.

### SWELLS THE DEATH LIST.

**One More Victim of the Blocton Wreck Brings It Up to 26.**

St. Louis, Jan. 4.—A special to the Republic from Birmingham, Ala., says: Andrew W. Bryson, of Blocton, who was a passenger on the Birmingham mineral train that went through Cah-waba river bridge last Sunday, died at the Infirmary hospital. Bryson's death and the three boys who were passengers on the wrecked train and are missing run the death list from that wreck up to 26. Another charred corpse has been found in the wreckage.

### Opposes Free Homesteads.

Washington, Jan. 4.—Senator Platt will on Tuesday present the minority report of the senate committee on Indian affairs in opposition to the "free-homestead" bill, which heads the senate calendar. The report opposes the bill on the general grounds of the vast expense its adoption would entail upon the government. The bill as it passed the house applied only to lands in Oklahoma, but by the amendments made by the senate committee the provisions of the bill are extended to all ceded Indian lands, the amount being more than three times that contemplated in the bill as it passed the house.

### Ohio Miners' Wages Cut Down.

Massillon, Ohio, Jan. 4.—Notices have been posted at all the mines in the Massillon district of a reduction in the price of pick mining from 61 cents to 51 cents a ton. The notice says a rate of 60 a ton has been agreed upon in Pennsylvania, under the long-established system, whereby the Ohio rate is 9 cents less than that of the Pittsburgh district, therefore the 51-cent rate will be maintained under existing conditions. About 2,000 men are now out, but it is thought they will resume work and continue till after the joint meeting of operators and miners Jan. 12 in Columbus.

### Oppose a Centennial Exhibition.

Indianapolis, Ind., Jan. 4.—The commission appointed by Gov. Matthews, under a resolution of the legislature, to present some plan for a centennial exhibition has submitted its report to the governor, and he will formally refer it to the legislature when it assembles this week. Every member of the legislature who has expressed himself on the subject is opposed to the centennial project and the scheme will be beaten by an overwhelming majority. As a rule, members of the legislature take the view that no celebration should occur till 1916, the centennial anniversary of the organization of Indiana as a state.

### Bullard Gets a New Trial.

Des Moines, Iowa, Jan. 4.—A dispatch from Clarion, Iowa, says that W. H. Bullard, secretary of the "Bullard" case, who was recently convicted of forgery, has been granted a new trial. He was found guilty of forging the name of a Clarion farmer to a note and mortgage for \$600, which he negotiated to his mother, receiving in consideration \$600. Bullard was elected secretary of the senate last January, and would have served during the extra session which convenes Jan. 19, and if he is cleared at his second trial he will probably try to hold the place.

### Francis Reverses a Ruling.

Perry, O. T., Jan. 4.—A sweeping decision has been received at the local office from Secretary Francis, which will affect from 4,000 to 5,000 persons in the Cherokee strip. Secretary Hoke Smith held that settlers obtaining their claims at the opening of the Cherokee strip by running from the Creek nation line, or the Osage, Ponca or Otoe Indian lines, were disqualified to hold lands. Secretary Francis' decision is to reverse the ruling, and will make hundreds of contests in the Perry land office.

### Gang of Colners Captured.

St. Paul, Minn., Jan. 4.—A gang of counterfeiters was arrested Sunday afternoon between St. Paul and Minneapolis by Detective Walsh of the United States secret service and Detectives Hoy and Morris of Minneapolis. The men are Albert M. Blair, William H. Blair and Charles Reed. They have been making and passing counterfeit money in Wisconsin, Minnesota, Illinois, Iowa and other states.

Prof. Adams' Solo Charmed his Hearers and the Singing of Misses Beckwith and Abbott was Equally Enjoyable—Dr. Halsey Spoke Entertainingly—Services in the Other Sanctuaries

The congregation at the Court Street M. E. church enjoyed a rare musical treat yesterday. A solo by Professor Charles Adams, professor of music in the Albion college, Albion, Mich., was a revelation, and charmed his hearers. When he concluded, Rev. Dr. Halsey arose and thanked him in behalf of

it? It is what we are. It is ourself. It is what is put up within the limits of our own consciousness. It is what a man can never escape from. Socrates said: "How much there is in the world that I do not want!" Can we not learn to say that? Can we not cultivate such a spirit? There is so much in the world that we can not afford to spend time with! So much that is trivial and empty and evanescent! So much that would just be an encumbrance and a dead weight to us if we had it. So much that we can get on a great deal better without!

### The Free Art Concert

In spite of the clouds and mud and rain a large audience gave close attention to the program of the Art concert at the People's church last evening. After the music by Smith's orchestra, singing by Col. E. O. Kimberley and a beautifully appropriate recital

Art concert in the People's church Miss Stevens will give a cornet solo, the Imperial band will play and a stereopticon exhibition will be given, showing the castles, cathedra's, ruins and magnificent scenery of the Rhine.

### AT THE PRESBYTERIAN CHURCH

Rev. E. H. Pence Talks Of the Great Book

Mr. Pence's evening sermon yesterday was on "The Book of Human Nature," and he took for his text the words of Paul in Acts: 14:17, "God has not left himself without witnesses." We bring into this life something pointing back toward God as our origin, and something pointing ahead to God as our destination. The lower animal comes into this world equipped with an instinct. It lives its little life and dies, and that is all there is of it. But we, as human beings, come into this world equipped

## A Glad New Year

to the many people who have favored us with their patronage, and hope by good treatment to keep them coming our way.

## The Reasons Why.

Some people ask us why we carry such a tremendous stock of goods. They simply forget that our trade extends for 70 miles or more around Janesville. "We come in direct competition with Chicago and Milwaukee stores and people who take the time to compare notes are waking up to the great dry goods possibilities that Janesville affords—to the fact that they get more considerate attention, have more time to examine what they buy, find a class of goods better suited to their needs and they avoid the 'red tape' system that makes shopping in the large city stores such a bore. Our trade is growing rapidly, and we are constantly enlarging our stock to meet the demands of a critical public. With such excellent train service, outsiders can have a long day in Janesville and reach home the same night.

The liberal trade we enjoy from the many tributary points enables us to carry a larger stock than we could if our business was more of a local nature. Janesville people thus get the benefit.

Rev. Dr. Halsey was also at his best and spoke in a happy vein. His subject was "A New Year's Greeting to Busy Men and Women" and was handled in his usual forceful and entertaining manner. The other services were held at the usual hours. Misses Beckwith and Abbott sang at both the morning and evening services. Prof. Adams whose solo was so delightfully rendered, is a son-in-law of Mrs. Jones of the State School for the Blind and is her guest.

### AT THE PEOPLE'S CHURCH.

"The Pursuit of Happiness" Was Rev. Southworth's Theme.

Yesterday's morning lecture at All Souls' was upon "The Pursuit of Happiness." The speaker took for his theme the Beatitudes of Jesus, and pointed out that the real sources of genuine happiness are set forth in these statements of that Man of Sorrows.

Real happiness is never beyond our reach. Be modest in your self-esteem. Be patient in sorrow. Be ready to forgive and not to resent injuries. Be ambitious for what is right. Be merciful. Cultivate peace. Be loyal to your own conscience. These are the sources of happiness.

If one had to be sick in order to be happy, or wise, or famous, or beautiful, or long-lived, or over crowded with a multitude of friends, if any of these things were essential to real happiness, there would be few really happy people in the world. But no! No great thing outside of ourselves is necessary. These things may be satisfactory. They are not absolutely essential. Genuine happiness may be had without money; without great learning; fame, or honor, or long-life. A man may find within his own soul the peace profound, which passeth not away; the peace of God.

What Goethe said.

Goethe says that "the secret of the highest happiness of man rests in the preservation of his own free personality."

Our own free personality, what is

tation by Mrs. O. H. Brand, Rev. Southworth held the audience in perfect silence for more than an hour while he portrayed what had been done in this world for the cause of truth and human progress by the glorious souls, who in the face of cruel torture and death had ventured to defend some new idea. In rapid succession he painted such scenes as Socrates drinking the poisoned hemlock, Gallileo publicly recanting under threats of inquisitorial punishment, Victor Hugo fleeing from France into exile, Benedict Spinoza excommunicated from the Jewish synagogue, and Jesus before Pilate.

Aristotle says that "to be happy is to be self-sufficient." To find that one can rely upon one's self. That there is no self-deception. That what one is, is satisfactory. To look for approval and for compensation to one's self. To be obedient to the living impulses of the private soul. This is the secret of happiness. Seek for happiness elsewhere, and you will find disappointment.

with something upon our hearts—a printed page that we may turn over and read, page after page. Human nature we will call it.

The first page that we turn over in this human heart of ours is the general limitation to man's life, the ignorance of the human being. The greater becomes the volume of our knowledge, we only learn by it how little beyond there is that we really comprehend. We are compelled to live by trust. We can plan only a few hours ahead. Moses, writing of this ignorance of man, said, "The secret things belong unto the Lord." But the things that are revealed belong to man. We have a right to use all the moral principles and all the spiritual ideas that are within the covers of the Bible. It is our heritage.

We turn over another page of this book which reads, "Conscience," the power which we have to distinguish between the true and the untrue. Turning over another page, we find social instinct. We are born unto this

His cries brought to his assistance several who were in the store and as soon as the flour was removed a physician was called, when it was ascertained that his hip, which had been fractured on two previous occasions had again sustained a slight fracture. He was soon made comfortable and will doubtless be out in a few weeks. The first lecture of the course will occur on Friday evening, Jan. 15. Rev. W. D. Cole of Milwaukee, will be the speaker. His subject will be "Andrew's Raid On the Stolen Engine," an incident of the civil war. Lugg of Footville in a series of meetings, beginning next Sunday evening. The Chautauque Circle engaged in a debate at their regular meeting last Monday evening, at the home of Mr. and Mrs. Sater. Dyspepsia lurks in most of the good things we eat, and indigestion follows the gratification of appetite. Of course, it isn't Nature's fault. Nature does the best she can, and if a man will only help her a little bit at the right time, he may eat what he likes and as much as he likes.

Dr. Pierce's Pleasant Pellets are for people who are troubled with indigestion. Particularly for those in whom it manifests itself in the form of constipation. The "Pellets" are quick and easy in their action. They are in perfect harmony with Nature. They effect a permanent cure. You need take them regularly only a little while. After that, use them occasionally when you need them—when you have eaten something that disagrees with you. They may be taken just as freely as you would take water or any other necessity of life. Once used they are always in favor.

Du Luxembourg fought against France under Prince de Condé in the armies of Spain, but receiving pardon from Louis XIV entered his service and gained victories over the allies in Flanders. After Turenne and Condé he was the ablest of French generals and led the armies of France to numerous victories, twice defeating William III of England, at whose expense he gained fresh renown.

## BUSINESS MEN BACK HIM.

Jamesville is without a chief of police, pending the action of the council. Meanwhile the people have been considering the fitness of the two candidates, and are becoming more satisfied each day that W. H. Appleby is the man for the place. In every emergency he has shown the police instinct—that combination of initiative and deductive judgment, without which the most persistent work fails. Unusually keen of observation, he has in two years gained a knowledge of Jamesville's highways and byways such as few men who have spent a lifetime here can claim.

His record as marshal and sheriff bears strong evidence of his fitness for police work. He was marshal of Beloit during J. L. Bear's term as sheriff and furnished over half of all the prisoners taken to Waupun by Sheriff Bear. During his own term as sheriff he arrested and convicted three times as many men as any sheriff before him. He did not depend upon others to do his work, he did it himself. Among the men he has brought to book were some who have been wanted for eight years—men who broke jail or left the country with sentences hanging over them, and who had succeeded in eluding the officers ever since.

Mr. Appleby has taken no hand in the movement to make him chief. He has carried around no petition and has sought no pledges. All that has been done for him has been done voluntarily by business men who believe him to be the best officer the county has ever seen and feel that the city will make a mistake if it fails to put him at the head of the police department.

## NON-PARTISANSHIP.

Isn't it about time Jamesville tried some kind of non-partisanship? Non-partisanship in city affairs is commendable, but let's be sure, hereafter, that it is non-partisanship and not an attempt of the minority to circumvent the majority. In the present instance the non-partisanship cry is raised in the interest of one of the most determined partisans the city has ever kept in office. He has done darty service while drawing city pay and has been unflinching in his quest for proselytes. His opponent is a man who is recommended both by the quality of his work and by the fact that he never permits his politics to interfere with anybody. If non-partisanship is the issue the lines must be squarely reversed and W. H. Appleby be, as he should, the unanimous choice.

A Recorder correspondent, who is bold enough to imitate Dr. William Horne's best style, but who throws off suspicion by signing himself "Old Republican," declares that W. H. Appleby plays golf. He is fair enough, to admit, however, that Mr. Appleby did not play golf through all the six days when Officer Hogan was tending door at the democratic national convention.

world with obligations to certain relations. God purposes to make a heaven, not by planting each individual alone, but they shall come from the east and from the west, from the north and from the south; they shall come, and shall intermix to make a perfect heaven, in which there shall be no discord.

Another page of this book is the hope of immortality. You may look upon the human heart in any age and generation, under any kind of civilization, and you will find the heart of man hoping to live forever.

Man has brought into this world these things, his ignorance, his conscience, his social instinct, his hope of immortality. To deny these would be deny all our knowledge. We must believe what Paul says, that God has not left himself without witnesses. He has not left himself without a witness in every heart and when we come to confront God on that judgment day, he will show us the flood of light in which we lived and moved, the flood of light which shed itself in the very life of Jesus.

In observance of the week of prayer there will be services in the church every evening this week.

## AT THE BAPTIST CHURCH.

Rev. Dr. Hodge Opens the Week of Prayer Series.

Yesterday was the beginning of the week of prayer at the Baptist church. Prayer meetings will be held beginning at 7:30 o'clock each evening except Saturday. Tuesday night the Congregationalist will join, and Mr. Whitehead is expected to give a short address.

For his morning discourse Dr. Hodge took an appropriate subject, "The Jerusalem Prayer Meeting," his text being Acts 1-12 to 14. This meeting was held:

First. Under the shadow of a great bereavement; Christ had been crucified, risen again and gone away. A good time to pray.

Second. This meeting was illuminated by great promises. Christ is surely coming again to claim his own.

Third. The place was one of hallowed memories. The upper room of the Lord's supper. A church is a sacred place, and should be our meeting place with our God.

Fourth. This meeting was attended by both men and women. Our meetings should be the same. We have the women and we need and want the men. Our business with God is of the utmost importance and other business ought not to keep men away from meeting.

Fifth. This meeting had respect to an adous work of the church. The world is lost in sin. A great work ought to be done. We are commissioned to do it and we need a good preparation.

Sixth. The meeting was held under the sweet influence of a great blessing promised. They were to be baptized with the Holy Spirit. We ought to expect this blessed experience.

Seventh. The meeting was a united supplication.

Eighth. It was a continued supplication. Lasted ten days until the blessing came.

"Lord I cannot let Thee go Until a blessing Thou bestow."

In the evening the Y. P. S. C. E. was led by the president, J. T. Fitchett, the subject of the monthly consecration meeting being "What Prayer Should do for the Christian."

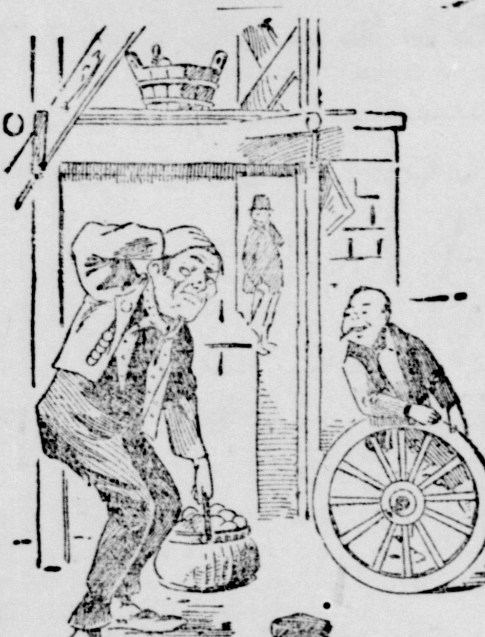

At the evening service the pastor led a service which was preparatory for the week's meetings. It consisted of selections upon the subject of prayer read by several members of the congregation.

All are cordially invited to attend the meetings, and it is hoped that much good may be accomplished.

## The Light of Love.

## HIS LUCKY DAY.

## His Error.

He had gleaned about people no facts;  
And so when a girl tried to catch him,  
She found him as easy as wax.

## Didn't Need Him.

## INDIANA SENATORIAL FIGHT.

Legislature Meets Thursday to Elect Voorhees' Successor.

Indianapolis, Ind., Jan. 4.—The legislature will meet Thursday, and it has been proposed that the caucus to nominate a senator shall be held on the evening of that day. There is no opposition to ending the contest so abruptly, and it seems probable that the nomination may not be made before the evening of Jan. 12.

The indications now are that the following candidates will be voted for in caucus: Charles W. Fairbanks of this city, William R. McKeen of Terre Haute, Lew Wallace of Crawfordsville, Robert S. Taylor of Fort Wayne and John H. Baker of Goshen, judge of the United States District court of Indiana. The withdrawal from the contest of Hiram Brownlee of Marion has strengthened the Fairbanks forces. There are eighty-five republicans in the two houses, making forty-three votes necessary to nominate.

## FUNERAL OF J. B. McCULLAGH.

Many Attend the Impressive Services in St. Louis.

St. Louis, Mo., Jan. 4.—Services over the remains of Joseph B. McCullagh, editor of the Globe-Democrat, who died last week as the result of an accident, were held Sunday afternoon. The Rev. John Snyder, pastor of the Unitarian Church of the Messiah, conducted the services. The active pall-bearers were members of the Globe-Democrat editorial staff and heads of departments. Among the honorary pall-bearers were the editors of the other St. Louis papers and men prominent in political and business life in this city. Henry Watterson, editor of the Louisville Courier-Journal, was the only one from out of town. The interment was in the McKee family lot at Bellefontaine cemetery.

## Would Reapportion Illinois.

Springfield, Ill., Jan. 4.—Among republican members of the legislature there is a feeling that the state should be reapportioned, if it can be lawfully done. It is also probable that an effort will be made to pass a law which will effectively prevent the fusion of parties by making it unlawful for the name of a candidate to appear more than once on the official ballot. As to the length of the session, the consensus of opinion seems to be that it will be a short one, ending perhaps early in May.

## Omaha Savings Bank Fails.

Omaha, Neb., Jan. 4.—The Omaha Savings bank failed to open its doors Saturday morning, and is in the hands of the state banking board. The total liabilities of the institution are \$350,000 and the assets exceed this amount by \$200,000. The securities are said to be excellent. The bank has been in existence for fifteen years. It has no connection with any other bank, and will not cause other Omaha institutions any inconveniences.

## Steel Billet Men Not to Meet.

Youngstown, Ohio, Jan. 4.—An official of the Ohio Steel company states that the report that a meeting has been called in New York for the Bessemer Steel association, or the steel billet pool, is a fabrication. He also stated that he believed there is no foundation for the report that two or three large steel concerns had combined to crush out the small plants.

## To Build Through the Rockies.

Ottawa, Ont., Jan. 4.—Hon. J. G. Blair, minister of railways, has returned from his trip to the Pacific coast. It is understood that his report to the government will be in favor of building a railroad through the Crow's Nest pass of the Rockies, but how it is to be done is a question upon which Mr. Blair will say nothing.

## Gen. Sickles Not Improved.

New York, Jan. 4.—Inquiries made Sunday at General Daniel E. Sickles' house, 23 Fifth avenue, elicited the information that there was no improvement in the general's condition. It was said that he had had little or no sleep during the previous night. General Sickles was unequal to the task of receiving visitors Sunday.

## Will Hurt Vermont Investors.

Montpelier, Vt., Jan. 4.—The Farmers' Trust Company of Sioux City, Ia., which closed its doors last week, will prove a hard blow to its Vermont investors. According to returns since the failure, 80 per cent. of the liabilities of \$135,000 is said to be due the people of this state.

## Pope Deceived Regarding Keane.

Washington, Jan. 4.—It is learned on high authority that Cardinal Rampolla, the papal secretary of state, has written to Archbishop Ireland of St. Paul, declaring in unmistakable terms that the pope was entirely deceived regarding Bishop Keane and his policy as rector of the Catholic university. The papal secretary assures Archbishop Ireland that he need fear no more mistakes in the conduct of the Roman authorities in American affairs.

## Colorado Bank Survives a Run.

Cripple Creek, Col., Jan. 4.—There was a run on the First National bank Saturday, which the bank's officers say, was caused by the circulation of a report that the bank would close. A special train was run from Colorado Springs with \$50,000.

## How He Got Even.

Two Thompsons lived next door to each other, and having to call on one of them, Green, of course, went to the wrong house. A crabbed servant answered the bell, and on Green asking: "Is this Mr. John Thompson's?" she replied, snappishly, as if she had been bothered with many such inquiries: "No, it ain't," and slammed the door in his face.

Green walked on a few yards or so, when a bright thought struck him. He returned at once and rang the same bell again. Again the crabbed servant appeared. "Who said it was?" asked Green, and triumphantly walked away.—Tit-Bits.

## A Blacksmith's Story.

I was working as a blacksmith and horse shoer when my health failed to such a degree that I was unable to do any work and was suffering greatly from kidney trouble and the whole nervous system seemed entirely beyond control. I tried many so-called remedies and employed several physicians with little or no benefit. I then consulted M. A. Morehouse, a specialist, who prepared remedies for me which were used with the most gratifying result. In a very short time I was not only able to resume work as a blacksmith but also to stand under and shoe horses from morning until night with as little fatigue as in former years, and I did the work of a strong, healthy man at that winter.

The medicines prepared for me were not only wonderfully prompt in their action but the benefit received permanent and lasting.

## Senator Elect Money Is Missing.

Havana, Jan. 4.—Senator-Elect Money of Mississippi has been missing from his hotel since Saturday morning and considerable alarm is felt over his continued absence.

## WENT OUT OF TOWN TO GET MR. HOGAN

HAD NOT LIVED IN THE CITY  
AT ALL.

Whereas, Mr. Appleby Has Been a Resident Taxpayer for Nearly Two Years—First Ward Petition is a Long One—Fee Bill a Small Matter—Democrats Protest.

Janesville has been without a chief of police since Thursday night at 12 o'clock. Chief Acheson's resignation took effect at that hour.

First ward republicans are up in arms at the sort of campaign made in Officer Hogan's behalf. Two or three of them held their wrath as long as they could and then found vent for it by starting an Appleby petition. When the sheriff returned from Galesburg his friends had told him about it and showed a list that was practically a poll of the First ward.

"It seems like an insult to assume that it is necessary to ask republican aldermen to vote for a republican," said M. J. Soverhill as he signed the petition, "but it is best to make sure."

The fact that Sheriff Appleby came here in 1894 to make Janesville his permanent home, that he bought a residence and has been a tax-paying citizen for about two years has given strength to the movement in his behalf.

"They talk about sending to Beloit for a marshal," said a democrat today. "Have they forgotten that we went to La Prairie for a marshal when Officer Hogan was elected and that we took a man who had not lived in the city any such length of time as Mr. Appleby has. It was a question of getting the best man then and the question is the same now. To my mind Mr. Appleby seems by far the shrewder, abler, stronger officer of the two. The Gazette spoke very pointedly when it said he does his work with his head."

Fees Make Small Sum.

"The questions of partisanship also has been raised. I am a democrat, but not a populist. From a democratic standpoint I am forced to admit that Officer Hogan spared no effort during the last year to make his partisanship offensive."

Some of the aldermen are chafing under the imputation that Officer Hogan has any claim upon the city.

"That claim was paid in full," said an alderman this morning. "About a year ago we raised his salary \$30 a month. We made that advance on his representation that he would turn over to the city an average of \$20 a month in county fees. Under these circumstances, the raise would have been really only \$10. Instead of turning in \$20 a month, however, Officer Hogan's orders on the county turned in for the city's benefit between January 1, 1896, foot up exactly \$79.22—an average of something over \$7 a month. If his promises about an economical administration of the police department figure out the same way, the city will not get much the best of it."

PUT ON RECORD

F. C. Cook Declared to be Entitled to \$1,122.57—Mrs. Mary Doty and W. F. Hayes Held Personally Responsible—Atlas Engine Co. Allowed to Remove the Engine.

The Bower City Light and Power

tangle was pretty well cleared up today. Judge Bennett filed his findings giving the Atlas Engine Co. permission to remove the engine; giving Schaller & McKey a judgment for \$298.33 and costs; giving Green & Allen a judgment against Hayes & Doty for damages and costs; holding W. F. Hayes and Mary E. Doty personally liable for F. C. Cook's claim of \$1,122.57, \$100 soliloquies fees, and costs and disbursements. The report of Receiver O. W. Bemis was approved and allowed, including his compensation. The deficit existing from the operation of the plant was adjudged a first lien upon the plant. The personal property mortgaged was ordered sold by the sheriff to meet the deficit and pay the costs and disbursements and the said \$1,122.57. A formal judgment of foreclosure was entered, and Receiver Bemis given the authority to sell at public auction on three days' notice. All liens or claims for liens were ordered divested.

## SOUNDS LIKE DR. HORNE'S WORK

Ear Marks are Apparent on 'Old Republican's' Communication.

The ear marks of Dr. William Horne, who is an "old republican" and no mistake—appear on an article published in the Recorder in support of Officer Hogan's candidacy for the office of marshal. The Gazette is willing to admit that all the "republicans" of this stripe are supporting Officer Hogan, and is glad of it, because by so doing they advance the cause of Mr. Appleby.

Now that "old republican" has spoken his piece, he should be allowed to take a vacation, and sent to Mobile for the winter. The town can probably wiggle along without him, for a brief time, at least.

Woods was called and the injured man was removed to his home, 107 North Jackson street.

## A WELL KNOWN FIRM TO GO OUT OF TRADE

LOWELL HARDWARE COMPANY  
WILL RETIRE.

Lease For the Big Store Expires on the First of March, and Will Not be Renewed—Stock Will be Closed Out as Rapidly as Possible.

One of Janesville's best known firms will retire from business on March 1, when the Lowell Hardware Company's affairs will be wound up.

The announcement will be a surprise to many readers of The Gazette, as the Lowell Hardware Company has a reputation throughout the city and county as a firm that is always wide awake, and pushing out for business.

But they have decided to retire from the Janesville field, and will close out their stock at any price beginning at once. The big store is filled with stores, hardware, cutlery, crockery, boots and shoes, and in fact, everything that is carried in a department store, and as the firm means business, prices will be made that will move the stock as quickly as possible. Buyers will therefore consult their own interests by calling early before the assortments are broken. In talking with a Gazette reporter this morning, Mr. Lowell, the president of the company, said:

"Yes, I have decided to go out of business. The people of Janesville and Rock county have always given me a good trade, and I have no fault to find with our business, but I want to rest for a time and am perfectly willing that some one else should enjoy the active life that I have so long been accustomed to. Our lease expires on March 1, and before that time we propose to close out our stock and retire from the field."

Mr. Lowell's many friends and patrons will regret that he has decided upon this course.

## ELOPING COUPLE WEDDED HERE

Young People From Marengo and Belvidere Took This Greta Green.

The people of Marengo, Ill., were much surprised when a telegram was received from Janesville announcing the wedding of Miss Marie Persons, of that city, to Fred Brush, of Belvidere, Illinois.

There was opposition to their wedding, so the young couple quietly packed their grips, came to Janesville and were made one.

The bride is prominent socially, and one of the sopranos in the Marengo Baptist church.

The groom is an employee of the National Bicycle Company, of Belvidere, and some time ago, attempted to commit suicide because a young lady jilted him.

### Not Hard to Please.

A shoe dealer on Washington avenue, Brooklyn, tells a story illustrating the idiosyncrasies of purchasers. This one is a woman. She entered the shop one day and purchased a cheap pair of shoes. After she had gone the shopkeeper discovered that in putting up the shoes they had been mismatched. This did not disturb him. It meant nothing more than a shower of unpleasant words to be poured on his devoted head when the mistake was discovered and the purchase returned. But the shoes were not returned, and two shoes in the store were without mates. One day the woman came in. "I think I gave you two shoes that were not mates the other day," he said politely. "Yes, sure," she answered, easily. "Well, why didn't you return them?" he asked, a little angry at her assurance. "Didn't you know I couldn't sell the other shoes?" "Oh, what was the odds?" she replied. "Sure, one shoe is as good as another. But I'll take the others myself." And she did. —New York Times.

### Science Takes Another Step.

The successful use of a new tetanus antitoxin in a New York hospital seems to show that remedy for lockjaw has been discovered at last. Heretofore that comparatively common affliction has been considered necessarily fatal, because the physicians had no means of relieving it. If an effective remedy has at last been found, the science of medicine has added another to the many great strides it has taken in recent years. —Philadelphia Ledger.

### A Cure for Lame Back.

"My daughter, when recovering from an attack of fever, was a great sufferer from pain in the back and hips," writes Louisa Grover, of Sardis, Ky. "After using quite a number of remedies without any benefit she tried one bottle of Chamberlain's Pain Balm, and it has given entire relief." Chamberlain's Pain Balm is also a certain cure for rheumatism. Sold at C. D. Stevens' pharmacy, Main and Milwaukee streets.

The progressive ladies of Westfield, Ind., issued a "Woman's Edition" of the Westfield News, bearing date of April 3, 1896. The paper is filled with matter of interest to women, and we notice the following from a correspondent, who the editors printed, realizing that it treats upon a subject of vital importance to their sex: "The best remedy for croup, colds and bronchitis that I have been able to find is Chamberlain's Cough Remedy. For family use it has no equal. I gladly recommend it." 25 and 50 cent bottles for sale at C. D. Stevens' pharmacy, Main and Milwaukee streets.

Persons who are troubled with indigestion will be interested in the experience of Wm. H. Penn, chief clerk in the railway service at Des Moines, Iowa, who writes: "It gives me pleasure to testify to the merits of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For two years I have suffered from indigestion, and am subject to frequent severe attacks of pain in the stomach and bowels. One or two doses of this remedy never fail to give perfect relief. Price 25 and 50 cents. Sold at C. D. Stevens' pharmacy Main and Milwaukee streets.

### How High Can Man Go.

Prof. Ugo Mosso, of Turin, Italy, has made some interesting experiments on the effects experienced in ascending to high altitudes. All climbers of lofty mountains are aware that at great heights, such as the summit of Mont Blanc, respiration becomes more or less troublesome, the heart beats rapidly, and sometimes irregularly, and a feeling of exhaustion, often accompanied by nausea, is experienced. These effects arise largely from the rarity of the air, and since the atmosphere becomes less dense the higher one goes, it is evident that a limit must soon be reached above which man cannot ascend. Prof. Mosso made his first experiments on Monte Rosa, next to Mont Blanc, the highest peak of the Alps, where he ascended to an elevation exceeding 15,000 feet without serious inconvenience. Returning to Turin, he made his next ascent, so to speak, without ascending at all. In other words, he produced an imitation of the rare atmosphere of a very lofty mountain top by partially exhausting the air from a large pneumatic chamber in which he had shut himself. When the air in the chamber corresponded in density with that which would be found at a height of 24,272 feet above sea level he suffered such ill effects that he could not carry the experiment further. The height to which Prof. Mosso thus simulated an ascent is almost a mile less than that of Mount Everest (29,002 feet above the sea level), so that it seems improbable that man will ever be able to set his foot on the loftiest peak of the earth.

### FREE TO EVERY MAN

THE METHOD OF A GREAT TREATMENT FOR WEAKNESS OF MEN.

WHICH CURED HIM AFTER EVERY-THING ELSE FAILED.

Painful diseases are bad enough, but when a man is slowly wasting away with nervous weakness, the mental torments are ten times worse than the most severe pain. There is no let up to the mental suffering day or night. Sleep is almost impossible, and under such a strain men are scarcely responsible for what they do. For years the writer rolled and tossed on the troubled sea of sexual weakness until it was a question whether he had not better take a dose of poison and thus end all his troubles. But providential inspiration came to his aid in the shape of a combination of medicines that not only completely restored the general health, but enlarged his weak, emaciated parts to natural size and vigor, and he now declares that any man who will take the trouble to send his name and address may have the method of this wonderful treatment free. Now when I say free I mean absolutely without cost, because I want every weakened man to get the benefit of my experience.

I am not a philanthropist, nor do I pose as an enthusiast, but there are thousands of men suffering the mental tortures of weakened manhood who would be cured at once could they but get such a remedy as I have found. Do not try to study out how I can afford to pay the few postage stamps necessary to mail the information, but send for it, and learn that there are a few things on earth that although they cost nothing to get they are worth a fortune to some men and mean a lifetime of happiness to most of us. Write to Thomas Slater, Box 494, Kalamazoo, Mich., and the information will be mailed in a plain sealed envelope.

### Personally Conducted Tour Through Mexico.

The Northwestern line has arranged for a personally conducted tour through Mexico, under the auspices of Mr. J. J. Grafton, the well known excursion manager. The party will unite at Chicago and leave there Tuesday morning February 2, 1897, in a special vestibuled train of palace sleeping cars, observation cars and dining cars, which will be their home for the entire trip. During the tour, which will consume thirty days, all of the cities and almost every place of interest in this wonderful country will be visited. To accommodate those who desire to remain longer than thirty days, arrangements will be made for the extension of the time limit of tickets. Illustrated pamphlets and full information as to rates, etc., will be furnished on application to agents, Chicago and Northwest Ry.

The old lady was right when she said, the child might die if they waited for the doctor. She saved the little one's life with a few doses of One Minute Cough Cure. She had used it for croup before. C. D. Stevens.

Absolutely pure, perfectly harmless, and invariably reliable are the qualities of One Minute Cough Cure. It never fails in colds, croup and lung trouble. Children like it because it is pleasant to take and it helps them. C. D. Stevens.

SCALY eruptions on the head, chapped hands and lips, outcrops, seborrhea, burns are quickly cured by DeWitt's Witch Hazel Salve. It is at present the article most used for piles and it always cures them. C. D. Stevens.

### For Men.

We have just received an invoice of men's vicid kid new college toe shoes made by Strong & Garfield, all sizes. The shoes are easily worth \$7, and would be sold for \$4 by other dealers, we ask but \$5 for them. Our cash plan saves you money. A. Richardson Shoe Co.

## He Has the Midas Touch.

Ernest Terah Hooley is the euphonious name of England's new Napoleon of finance. As a spectacular money maker he is a much more interesting individual than Cecil Rhodes, Alfred Beit or Barney Barnato in their palmiest days. By promoting bicycle companies, patent food and corporations he has made many millions in a few years and is still at it. Hooley is just past 30 and lives modestly at the rate of \$1,000 a week.

teeth of the buck were incrustated with gold. He shut up shop, and after much inquiry found that the deer had been killed in Rio Blanco county, Colo. Going to that locality, he located several rich claims in the region where the deer had made salt licks in auriferous ground.

story for which he received a \$10,000 prize. He is going to spend this money in building a beautiful and comfortable modern home to take the place of the old fashioned house in which he now lives near Macon, Ga. The new house will recall the romance of the old south which made its erection possible, for it will be designed on the lines of the good old antebellum homes which the rich planters used to build.

## She Speaks Four Languages.

A little girl of 8½ years old who speaks fluently English, French, German and Greek is certainly a linguistic prodigy. Her name is Maria Rose, and she is the adopted daughter of Dr.

MARIA ROSE.

Achilles Rose, a New York physician. When Dr. Rose adopted the sweet faced little orphan girl four years ago, he had no idea that she possessed such extraordinary mental faculties. He does not even know to what country her parents belonged, and her facility in picking up languages gives him no hint, for she learns one as readily as another.

## DUCHESS HAS A MATE.

Babe, a Circus Attraction, Joins the Lincoln Park Elephant.

Head Animal Keeper Sweeney of Lincoln park has secured a mate for old Duchess, the elephant. The new giant came to the park from the west side Saturday night and was introduced to Duchess about 9:30 o'clock. Mr. Sweeney anticipated trouble with the old beast, who, he thought, would think it an intrusion to put another large animal in the district where she has for so long been monarch of all she surveyed, but the newcomer, whose name is Babe, entered the park without protest and was formally introduced to Duchess, who is still in summer quarters. The old lady was standing as close to the rail as the chain which was attached to her ankle would allow. She had heard the massive steps of her new companion and was waiting to receive her with open arms. As Babe came up the walkway to the elephant house she bellowed long and loud as a greeting to her new friend. As the two met they exchanged compliments by locking their trunks together, and Duchess moved to one side to leave room for Babe, and the two came to an amicable understanding immediately. Mr. Sweeney says that he knew Babe a long time ago, and the moment she saw him she began to fondle him with her trunk. "They are both females," said Mr. Sweeney yesterday, "and as tame as cats. The way they met each other surprised me, and I am more than delighted to have another elephant to keep company with Duchess. Babe is an Asiatic elephant, and has come from the winter quarters of the Reichold circus to spend the winter with Duchess. We have got some new birds, too, among them the finest macaw, a species of parrot, that I ever saw."—Chicago Record.

## DANGER IN SODA.

Serious Results Sometimes Follow Its Excessive Use.

Common soda is all right in its place and indispensable in the kitchen and for cooking and washing purposes, but it was never intended for medicine, and people who use it as such will some day regret it.

We refer to the common use of soda to relieve heartburn or sour stomach, a habit which thousands of people practice almost daily, and one which is fraught with danger; moreover the soda only gives temporary relief and in the end the stomach trouble gets worse and worse.

The soda acts as a mechanical irritant to the walls of the stomach and bowels and cases are on record where it accumulated in the intestines, causing death by inflammation or peritonitis.

Dr. Harlandson recommends as the safest and surest cure for sour stomach (acid dyspepsia) an excellent preparation sold by druggists under the name of Stuart's Dyspepsia Tablets. These tablets are large 30 grain lozenges, very pleasant to taste and contain the natural acids, pepsines, and digestive elements essential to good digestion, and when taken after meals they digest the food perfectly and promptly before it has time to ferment, sour and poison the blood and nervous system.

Dr. Wuerth states that he invariably uses Stuart's Dyspepsia Tablets in all cases of stomach derangements and finds them a certain cure not only for sour stomach, but for promptly digesting the food they create a healthy appetite, increase flesh and strengthen the action of the heart and liver. They are not a cathartic, but intended only for stomach diseases and weakness and will be found reliable in any stomach trouble except cancer of the stomach.

All druggists sell Stuart's Dyspepsia Tablets at 50 cts. per package.
